## *Naples Juniors League Program*

*Non - Travel Volleyball*

*Girls 10-14 Years of Age*

We are very excited about starting our 5<sup>th</sup> year for the Naples Juniors League program. This is an opportunity for players who may be starting out or players who are just not ready to make the travel commitment or cost. We are happy to announce that this year we have decided to develop two levels of our very popular league program. Over the years we have watched a large number of players that have grown with our programs. We will now be offering our league and our Power league teams. This will give the players an opportunity to develop at their level and become stronger players before making the travel commitment. We focus on learning the fundamentals as well as now developing a stronger competitive component. Our goal is to give the players a chance to experience the game in a non travel but competitive format. Teams are formed after weekly clinics/tryouts are conducted and teams will then play against each other in a round robin format and end of year tournament.
